ACTINIC PURPURA

“Being in our seventies, we have lost much of the collagen in our arms.

Merrilee has bruises that form without bumping anything, and seem to never go away.

We treated one arm with the NeoGenesis products (Recovery followed by Skin Serum and Intensive Moisturizer).

Two weeks later, the difference is night and day. The arm treated is almost completely better. The untreated arm looks like it did two weeks ago.” - RS

SHINGLES

"I found myself in the most intense pain I have ever felt and had no idea what it was. The pain was such an intense burning and at about an 8 (on a scale of 10). My doctor told me I had shingles. A friend of mine suggested I immediately use Recovery from NeoGenesis.

Within 24 hours the burning was gone and my pain was down to a 3. By 48 hours, I had no discomfort at all. On day 4, since the pain was gone, I figured I did not need to use Recovery, that the worst was over. Oh, was I wrong, I woke up on day 5 to that intense burning pain again, this time it was at about a 5. Upon applying Recovery again, the nerve pain was gone in about 8 hours this time again.

I would recommend Recovery serum to anyone unfortunate enough to suffer from this miserable condition. I will never be without a bottle of this fantastic product in my medicine cabinet again. Thank you NeoGenesis!" – MS

SHINGLES

"I happen to have a chronic series of Shingles events.

Recovery has helped reduce the intensity of an exacerbation and, equally important, the healing time." - MO

PROTOCOL:

2x daily (AM + PM)

HYPERKERATOSIS

"My daughter had hyperkeratosis underneath her right eye. She had this growth occurring for 5 years and it was getting larger each year. She was scheduled to visit a Dermatologist and then started using NeoGenesis Recovery serum. After 25 days it dropped off and there was no scar. Absolutely incredible." - SM

HYPERKERATOSIS

"I started using Recovery twice a day. It had already taken away the redness and the size began diminishing.

But two months later it's completely flat and the tiny dot left will no doubt be gone within the next few weeks." – AS

POISON IVY REACTION

“My brother got a bad reaction to poison ivy and his hospital visit and cortisone cream they provided him wasn’t helping.

MB-2 was the game changer for healing and relief of itch.” - Christine Simmons, Skin Discovery

Recovery, MB-2

ALLERGIC REACTION

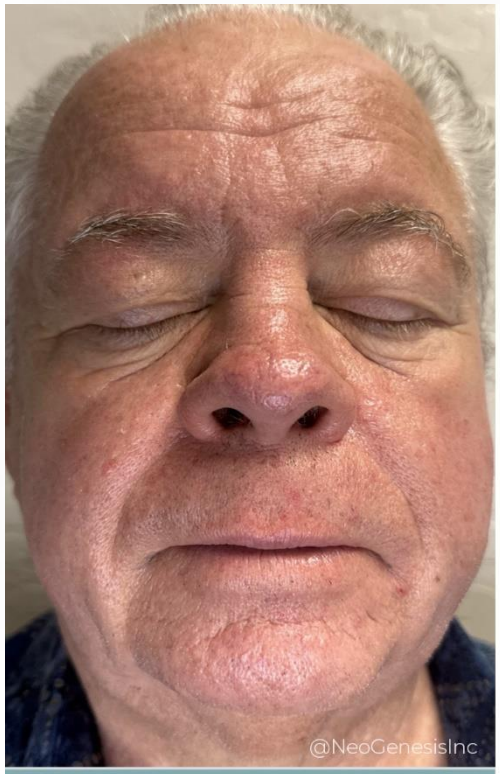

"My daughter had a reaction to a henna tattoo. The top photo is from last night. We put Recovery on it and the bottom photo is from this morning. Swelling is way down and it doesn't itch now.

My daughter also asked me to tell you this is *"great for my ruby dubes"* (eczema). She finds little spots just to use it on.

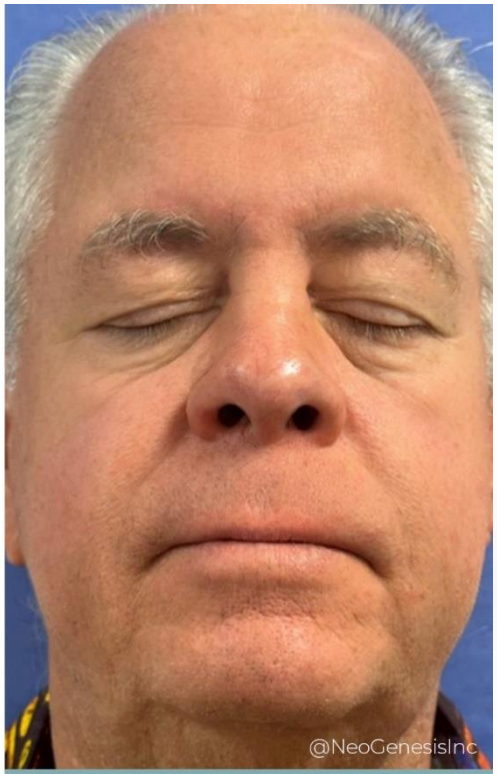

Y'all have a lifelong client in a 7-year-old. Thank you for wonderful products. Trust me, we have tried it all. Needless to say, we LOVE Recovery!!"- AM

WOUND CARE (CAUTERY)

"My client, in his mid-60s, came to me with significant telangiectasia, textured skin, and slow-healing wounds from cautery treatments. He had maintained his skin in the past with basic facials but had never experienced true transformation.

Since starting the NeoGenesis regimen, his redness has decreased dramatically, his texture is noticeably smoother, and his cautery sites have healed far faster than expected. The improvement across his nose, chin, and cheeks has been remarkable, and even his friends are complimenting his skin.

Initially skeptical, he's now fully committed to continuing with NeoGenesis long-term after seeing the difference it's made. This outstanding progress, documented through the case study, earned me first place overall in the Open Medical category at The Skin Games that year." - AF

MELASMA + COLD SORE SCARS

"I wanted to test the NeoGenesis products with no treatment methods.

I have been diagnosed with Melasma and WOW the difference between the first picture is amazing plus the volume in my cheeks and reduced scarring around my lips from constant cold sores all my life.

Honestly, I wish I had these products in my 20's." – LS
