ENZYME CREAM MASK

Clarify + Refine

Gently exfoliate to smooth texture and boost radiance with this creamy clay treatment featuring pineapple and fig enzymes. Helps clear pores, visibly calm acne-prone skin, and brighten uneven skin tone without irritation, making it ideal for sensitive skin.

DERMATOLOGIST RECOMMENDED

Sizes: 15g, 50g
(size offerings may vary)

HOW TO USE

After cleansing, apply a thin layer over damp skin. Leave on for 3 to 8 minutes, then remove with a warm, wet towel.

KEY INGREDIENTS

Fig and Pineapple Enzymes
Pineapple and ficin are fruit enzymes that gently exfoliate while lifting buildup to support a clearer, calmer-looking complexion and improve the appearance of uneven tone and texture.

Kaolin and Bentonite Clay
Absorbs excess oil, gently exfoliates, and helps clear pores by lifting sebum, debris, and impurities to reduce congestion and visibly calm acne-prone skin without over-drying.

Niacinamide
Helps support the skin barrier, reduce visible redness, and balance surface oil for a more even-looking complexion, while antioxidant support helps defend against environmental stressors associated with dullness and uneven tone.

BENEFITS

Brighter Complexion
Enzymes gently dissolve surface buildup to help reveal a smoother, softer, more radiant complexion.

–

Enhanced Product Absorption
Removes surface buildup to allow serums and moisturizers to absorb more effectively for improved hydration and visible results.

–

Improved Skin Texture
Absorbs excess oil and draws out impurities from pores without irritation, making it ideal for sensitive, acne-prone, and rosacea-prone skin.

INGREDIENTS

Water, Caprylic Capric Triglyceride, Glyceryl Stearate, Sodium Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Simmondsia Chinensis (Jojoba) Seed Oil, Glycerin, Squalane, Cetearyl Alcohol, Bromelain, Niacinamide, Kaolin, Bentonite, Octyldodecanol, Tocopheryl Acetate, Hydroxyethylcellulose, Cera Alba (Beeswax), Rubus Idaeus (Red Raspberry) Seed Oil, C15-19 Alkane, Ficin, Ethylhexylglycerin, Lecithin, 1,2-hexanediol, Caprylyl Glycol, Polyglyceryl-6 Laurate, Polyglycerin-6.
