ACNE

ACNE

“Client started using NeoGenesis after she had done research into the benefits of adult stem cell skincare. She came across NeoGenesis and got in touch with us, her main concern being ageing. She was, at this stage, unaware of the benefits this may have on her acne.

Being only 30 and looking at ageing concerns, she started on Skin Serum and Eye Serum. Then after seeing the calming benefit from just these products, and an improvement in her overall health of skin, as well as improvement in her acne, she amped things up to Recovery serum.

The client had been struggling with her acne for over a decade and she herself said that NeoGenesis has been nothing short of a miracle. The picture before is her acne at her worst and the after is her skin today after her 6-month journey with NeoGenesis.

The client is amazed and after suffering with acne for so long, will now be a NeoGenesis client for life.”
– Lucy Hall, Medifine Skin Clinic Skin Therapist

PRODUCTS USED: Skin Serum, Eye Serum, Booster, Recovery

ACNE + ENVIRONMENT

“This client has had issues with cystic acne for quite some time. He also works at a wood pulp mill and is often around the chemicals in the air.

Once he started on a regular skin care regimen using NeoGenesis products, his skin started to improve almost immediately.

The redness started to subside, the flaky skin started to improve and the itchiness is now gone.”

– Becky Stratton, The Skin Studio

PRODUCTS USED:

Cleanser, Recovery, Skin Serum, Barrier Renewal Cream, Mandelic Acid

ACNE

"I don't have as many black heads and my pore size is definitely smaller.

I went from breaking out a lot when I got my period. Now I am not as prone to breakouts and now when I get my period the break out is small or barely anything.

Quicker, clearer lasting results. I have never experienced this kind of improvement with other products.

I am feeling like a 9 with my skin right now, if 10 was the best. I think the MB-1 changed the game." – JS

PRODUCTS USED:

Recovery, Moisturizing Mist

ACNE + SCARRING

“Our client struggled with acne as a teenager. It slowed down in his 20’s and now he is in his 30’s. He expressed that he has always been insecure about acne and his skin, and had been using ProActive.

To begin his treatment, I started him off with a facial and he started using Recovery serum. Within a week, he already noticed a difference in his skin. It was not as red and his wrinkles have gone down (for the past few years he started to notice wrinkles and bags under eyes). 2 months later, we began microneedling treatments, using NeoGenesis products. He likes the progress a lot. One thing he loves the most about the NeoGenesis products is that he has less wrinkles now, he breaks out less, his pore size is improving and the texture of his skin feels soft.”

– Vanexa Yang, V Beauty House

PRODUCTS USED:

Cleanser, Recovery, Light Moisturizer, Barrier Renewal Cream, Moisturizing Mist

DAY 0

DAY 60

ACNE

"We have dramatically changed the skin in a matter of 9 weeks. You will start to see how the blackheads, whiteheads, and underlying congestion of the skin have dramatically improved, if not disappeared.

This is 9 weeks of using NeoGenesis on the skin topically. We have not treated the skin with any treatments. This is something we have never experienced in all of our skin education before. These images have shown us the level of how NeoGenesis will change skin. In all my years of working on skin I have never seen a troubled skin change so quickly.

My lovely client was tearful when she last came in, her words: *'I no longer wake up not wanting to look in the mirror.'*

– Donna Glazer, Face It Skin Clinic

PRODUCTS USED:

Recovery

ACNE

“This client is struggling with Acne grades 2-3. His skin is very shadowy and patchy, with a lot of dullness to his skin. This is strictly just using the products AM and PM.

If you look at the overall tonality to his skin, you can see a huge improvement with the discoloration. The tonality of the skin looks a lot more even, looks bright, and there’s also a little bit of radiance, more of a healthy aspect to the overall skin tone.”

- Annkeith Ssharma – Shamin Skin Care

CYSTIC ACNE

"KM has had cystic acne for years and when the pandemic started, her skin took a turn for the worst. Her skin is super sensitive and wearing a mask has not helped. Being stressed and environmental issues have contributed to her skin breaking out. The texture of her skin was really rough and bumpy and her cheeks were inflamed and red.

After consistent usage of NeoGenesis products, KM's skin has improved tremendously. Her skin is now soft and smooth, the redness gone and the outbreaks have diminished. The Mandelic Acid 8% has really cleared her skin. The Booster serum has helped significantly with the dryness of her skin, tone and texture. We are thrilled! This is truly a great example of what stem cell molecules can do for the skin."

- Christine Preston, Skin Discovery

PRODUCTS USED:

Cleanser, Booster, Barrier Renewal Cream, Mandelic Acid 8%

ACNE

PROFESSIONAL FEEDBACK:

"My client has had consistent hormonal acne since college. She is 27 years old.

Her skin looks so much better now. The Salicylic Acid Gel has made all the difference.

Her cysts diminished immediately after she started using it and the redness is clearing. She has no irritation or itchiness. We see an improvement in texture and pigmentation.

Since using NeoGenesis products, the results have been really good for my client."

- Tara Linville - Doll Face Esthetics OKC

CLIENT FEEDBACK:

"This is a big improvement for me. I am very, very happy. My skin feels soft and hydrated. I really enjoy the products! Easy to use. I feel they are very effective for me." - A

PROFESSIONAL FEEDBACK:

"An extremely compliant client in her 30's who has tried everything to help clear and heal her chronic acne skin. She has seen little to no improvement from professional treatments and professional homecare prior to NeoGenesis.

She is extremely happy with her results and I am so thankful to all of you at NeoGenesis for helping me find a effective treatment for her."

- Tracy Lacina, Skin Deep Salon & Spa

PRODUCTS USED:

Cleanser, Recovery, Light Moisturizer

ACNE

“Since using NeoGenesis products, this clients’ breakouts have completely calmed down and she has zero breakouts right now.

She is only using NeoGenesis products. Her skin is steadily improving. Redness has reduced and the skin is tighter than it was before.

She also had a deep line in her forehead which is slowly going down.

She generally feels her skin is looking a lot better and a lot calmer. She loves how gentle and smooth the products feel. Her skin wouldn’t be able to take other products.”

- Mariam Abbas

PRODUCTS USED:

Recovery, Booster, Moisturizing Mist, Barrier Renewal Cream

ACNE

“My mom introduced me to Pam and I was excited to try a new product for my acne. My skin felt red and irritated a lot, with pimples most of the month. All of the products I tried from the drug store made me dry and “peely”.

The MB-1 is very easy to use and feels good on my skin. It soothed my redness right away and I saw my breakouts begin to heal the first week. I got fewer new breakouts too and when I did, they were much smaller, without the redness and irritation I normally get.

One of the things I liked the best was how much better my skin’s texture looked and felt. My pores seemed smaller and my skin is smoother. I wasn’t expecting that and I was thrilled with my overall results.” – KS

ACNE

"This client struggled with acne from the ages of 14-19, and then her skin cleared until age 24.

She started seeing breakouts again, mostly hormonal. Her skin would clear up for a couple of months and then the acne would return when stressed.

Since starting on the NeoGenesis products, she now feels a huge difference. She is very impressed and very happy with the results and is sold on the line."

- Mariam Abbas

PRODUCTS USED:

Cleanser, Recovery, Mandelic Acid, Salicylic Acid Gel, Barrier Renewal Cream, Skin Serum

DAY 0

3 MONTHS

ACNE

"As a hospice nurse, the stress of work can trigger outbreaks of acne for this client. She has combination skin, and was trying both the Light Moisturizer and Intensive Moisturizer for the dry patches. She ran out of Recovery serum and noticed the texture of her skin was dramatically different after being off the product for 3 days. She started using Recovery again and her age spot is now looking better, and her skin is looking glowier.

She was not using any moisturizer in the mornings, so she has been adding the Barrier Renewal Cream every day before work to help prevent maskne. It felt really good under her eyes and she lathers it everywhere. Her lips and eyes feel really good and she likes it as a makeup base.

JA was surprised she is having less acne breakouts since she is wearing the masks a lot more now, almost all day, when she was not in the past." - JA

Cleanser, Recovery, Eye Serum, Light Moisturizer, Intensive Moisturizer, Barrier Renewal Cream

AGEING SKIN

AGEING SKIN

“My client has suffered a lot of skin damage from spending years in the sun. She started treatments regularly that including microneedling, facials and using NeoGenesis products for her in-home routine.

During the last 7 months, we have seen improvement in the health, strength and density of her skin, decreased pore size, and of course, we are seeing the lines and wrinkles softening. Overall, we are seeing more vibrant and healthier looking skin.

Seeing such an improvement with the products and an increase in the healing from the microneedling. Her skin was having a hard time healing previously, but it is much quicker now.”

– Estell Myers, Naturally Well Reno

"This client's skin is looking really good, and her pore sizes are smaller.

We are seeing improvement in the cheek area and the eye and the lip line are looking great compared to April.

Her forehead did not have too many fine lines, but looking good. We are seeing some slight softening of the wrinkles.

Her skin is less dry and looks more hydrated."

- Mary Smith, M&M Studio

PRODUCTS USED:

Cleanser, Recovery, Moisturizing Mist, Skin Serum, Eye Serum, Intensive Moisturizer, Barrier Renewal Cream

AGEING SKIN (NECK)

“My client lost 106 pounds which resulted in loose, sagging skin and crevices in the neck area.

Her home care regimen included Recovery serum, Cleanser and Barrier Renewal Cream, two times daily, morning and evening.”

- Estell Myers, Naturally Well Reno

PRODUCTS USED:

Cleanser, Recovery, Barrier Renewal Cream

AGEING SKIN

"This 60-year-old female client is happy with the progress and will continue using the skin care regimen.

She is really happy with the bridge of the nose and above the eye has improved so much with the laxity. She didn't think it would change. In the eye area, you can see the heaviness from the beginning, but now it has a significant lift.

There is more fullness in the center of the face. I see improvement with the fine lines in between the eyebrows, as well as the divets in the chin. The laugh lines in the corner of her mouth as softening. The center apple of the cheek is starting to plump. Facial volume is increasing."

- Annkeit Ssharma, Shamin Skin Care

PRODUCTS USED:

Cleanser, Moisturizing Mist, Recovery, Eye Serum, Barrier Renewal Cream

DAY 0

7 WEEKS

AGEING SKIN + ROSACEA

"JM has broken capillaries and redness (Rosacea) in her cheeks, as well as in the top of her T-zone. When using other products, JM felt they left her face very oily, but with NeoGenesis she feels like her skin absorbs them. Her skin does not feel greasy, but has a bright complexion. She does not need makeup/powder/foundation since her skin looks so good. She has been singing the praises of NeoGenesis from the rooftops, absolutely love the products and is recommending them to everyone.

JM has stuck to her protocol perfectly, and checks in pretty much every day, wanting to make sure she uses the products as intended. She has already seen tremendous results – skin looks and feels incredibly healthy. This has been a game changer for her. She Loves, Loves, LOVES the products!"

- Gail Day, Soft Aesthetics Skin Care Clinic

PRODUCTS USED:

Cleanser, Booster, Recovery, Eye Serum, Light Moisturizer, Moisturizing Mist, Skin Serum

AGEING SKIN

“This client achieved a beautiful reduction with fine lines.

You can see that there’s a drastic difference in the wrinkles on the forehead and reduction in the nasal labial fold, as well as the texture and the fine lines all around the lip contour and the chin.

The texture on the skin is really starting to smooth out and resurface.”

- Annkeith Ssharma, Shamin Skin Care

"Client's skin presented with dehydration, severe sun damage, hyperpigmentation, lipid depletion, jeopardized skin barrier function and impaired levels of transepidermal water loss. Recommended to her the NeoGenesis line.

Tissue stimulation therapy for 6 weeks. After 6 weeks you can see the incredible overall improvement of the tone of her skin showing much brighter and lighter in the AFTER picture. Please, notice the sun damaged spot in between her eyebrows and the tremendous improvement shown in the AFTER picture. Lifted, toned, dewy skin with healthy looking glow. Restored skin barrier function."

- Corina Gata, Royal European Beauty

PRODUCTS USED:

Recovery, Moisturizing Mist, Intensive Moisturizer

AGEING SKIN

“My client has a history of acne and came for treatment looking to improve her skin texture and address the beginning stages of fine lines and wrinkles.

Since using the Recovery serum, her skin has improved more quickly.

She likes the way her skin feels post serum and cleansing, and her skin feels so much better, especially the texture.”

- Mary Smith - M&M Studio

PRODUCTS USED:

Cleanser, Moisturizing Mist, Recovery, Skin Serum, Eye Serum, Intensive Moisturizer, Barrier Renewal Cream

AGEING SKIN + HYPERPIGMENTATION

“This client booked an appointment and wanted to address her redness (Rosacea), enlarged pores, some age spots (Hyperpigmentation), as well as, fine lines and wrinkles.

Once started on the NeoGenesis products, her skin started to improve, even in the very dry winter. The redness calmed down, pore size improved, and her hyperpigmentation decreased.

She likes the way the skin care products make her skin feel and commented on how well her make up goes on with NeoGenesis products. When she does her skincare routine, she is amazed that the redness is improved.”

HAIR LOSS

“When I started this program (and you must be real with yourself) it took a bit of time. What helped me was taking pictures so I could see the real changes happening. I was shocked at every interval; I was surprised to see the gap was closing. Each month my hair had friends on top and on the sides of my head to share space with. It was real hair! It was my hair! I could not believe what was happening, because I had seen things grow, but fall out even while doing the other treatments.

Now I can part my hair in the middle, and I have a regular part. A part in the middle of my head was not feasible a while back, and to see this now was quite amazing. I do not have fall out, and my scalp never itches either. The only thing I have been doing is staying true to the process, and that is just the beginning. I know the rules; do what the directions say, and things will happen. It works!” – PP

MOHS SURGERY

“My client had Mohs Surgery on her right shin. By the third week of using Recovery and Moisturizing Mist on her leg it is healing very nicely. Her skin looks healthier and irritation is down to a 4 (out of 10). Surrounding tissue around the wound is smoother and healthy looking with light pink coloring. Patient has tough skin to heal and it takes a while.

She is happy with the progress. In less than a month, client said she thinks the wound is continuing to heal nicely and surrounding tissue looks healthier than the rest of skin on her body. But week 6, it is healing with a smooth surface. It is 95% healed at the moment. No itching or discomfort. This was a deep wound that has almost healed to a completely smooth surface.”

Moisturizing Mist, Recovery, Barrier Renewal Cream

RADIATION

"I started using NeoGenesis products when treatment started, and my nurses were amazed... My skin would peel but it never got to the point where it would blister or scab. I was using Recovery Spray and Oralease for the inside of my mouth and they were amazed that I didn't have any sores inside my mouth. I'm excited to get back to living life and I owe a lot of that to NeoGenesis." – TG

DAY 0

1 WEEK

CHEMOTHERAPY + RADIATION

“This client used a prescription chemo cream on his ear for 3 weeks and then started on the NeoGenesis products one week later.

He responded very quickly to the NeoGenesis products and did not have to use anything else.”

– Katherine Aalbu-Ruward, Rising Sun Organique

PRODUCTS USED:

Moisturizing Mist, Recovery, Barrier Renewal Cream

CHEMOTHERAPY RASH

"I had a severe skin reaction from 2 powerful chemotherapy drugs (Adriamycin / Cytosin) that were administered every other day for 4 weeks.

The worst reaction was on my legs which had raised red areas and many of these were blisters. We had tried Calendula Oil by Bodyceuticals. The rash would subside and then come back worse than before.

Tracy introduced me to NeoGenesis Recovery serum. I applied it twice a day to the affected areas. In one week, I had a huge improvement. The redness faded, the raised areas diminished, the blisters went away, and the itching stopped.

Recovery serum is my holy grail. I highly recommend it to anyone with skin issues from chemo." – CP

CHEMOTHERAPY SCARRING

“This customer recently went through topical Chemotherapy on face using Fluorouracil (FU5) which caused scars. She felt that topical chemotherapy treatment was her only option, and applied it 2x a day for 3 weeks. It was very painful and she was “red and beefy” 3 days shy of 3 weeks, so she quit the topical treatment. The deep scars were underneath her skin, so texture is smooth but the color was very red. She began using Recovery serum and contacted us to discuss product usage. We recommended the following products: Cleanser, Recovery, Eye Serum, Moisturizing Mist and Barrier Renewal Cream – 2x daily. These before and after photos were taken 3 weeks apart.” – TN

CHEMOTHERAPY RASH

"I would like to say thank you so much for sending the products. I am completely in love.

As you know I take chemotherapy, called Rituximab. The infusion causes a serious rash. I have applied Nystatin powder prescribed by my doctor, but that requires at least a week for some relief and several weeks to totally heal.

After just one treatment visit and the products they gave me (Recovery + Intensive Moisturizer) I am in less discomfort." – HB

CRYOTHERAPY

CRYOTHERAPY

“I am profoundly grateful to the folks at NeoGenesis. I had two pre-cancer spots treated by freezing near my left eye and it was very visible aesthetically. I was horrified that I might have ugly scars so prominent on my face. A dear friend introduced me to NeoGenesis Recovery and I ordered it immediately, as I had seen the amazing recovery she had from the product. I used NeoGenesis Recovery twice a day as recommended and within a week the scars were nearly gone, and after 11 days they were invisible. I was able to keep the spots moist at night using Manuka honey bandages which I believe augmented the healing of the already magical NeoGenesis. I have quite a bit left in the little bottle and I’m going to use it ALL for anti-ageing! I highly recommend this product.” – JC

PROFESSIONAL TREATMENTS

CO2 LASER + PRP

PROFESSIONAL FEEDBACK:

“Patient used Recovery and Intensive Moisturizer twice each day. These products are of significant benefit post procedure. They reduce down time and improve the patient’s response to the procedure.”

PATIENT FEEDBACK:

“As a clinic director, I wanted to try NeoGenesis on myself first. I received both a PRP and a CO2 Laser treatment. I am amazed at what Recovery and Intensive Moisturizer did to reduce my downtime and discomfort post procedure.” – BS

CO2 LASER

PROFESSIONAL FEEDBACK:

“Client is a nurse for Ideal Image. She asked to go very aggressive on the treatment on a level from 1-20, so we did a 20. She used Moisturizing Mist and Cleanser for 4 days. She used the Recovery for 1-4 days post care only for the face. The neck and décolleté only used Recovery at time of treatment.”

- Jacqueline Ramirez, New Beginnings Tattoo Removal

CLIENT FEEDBACK:

“I have tried out a variety of treatments and this was the most aggressive one. I was concerned about the down time and my comfort level. I didn't miss any work and the Recovery serum had a cooling effect. I am very impressed by the results.

I used the Recovery on my face only and you can see how well it reduced the redness by the 2nd day, compared to the neck that I didn't use the Recovery on.” – P

LASER BURN

“My client, Cooper had laser treatment in April of 2021, to remove extended capillaries. In my opinion, from knowing my client’s barrier, the laser was high for minor area.

He’s in sales for Orlando Magic and always wants to look his best. I cautioned him before doing the laser removal treatment. He went ahead. Results were some minor scarring.

Since he’s a Fitzpatrick 2/3, his scarring is very visible. He came in on April 26, 2021. We did a Hydration Facial. I gave him Recovery serum to use on the area. Here’s the before & after photos. The first was taken before he came in for a facial. The second is from May 9, 2021. I love the Recovery product!!”

MICRONEEDLING

BEFORE

20 MINUTES

"I am a licensed Esthetician who has become a big believer in Recovery for many of my treatments. I saw a new client with over-stimulated skin due to her home care protocol of too many actives at one time. During her 1st session, I could barely perform the treatment as her skin reacted with large red welts and some pinpoint bleeding at a very shallow needle depth. She remained red for over 2 days. The redness should have dissipated in a few hours.

Fast forward 1 month to the second treatment. During her treatment I used Recovery serum prior to the micro-needling and immediately after. The difference was remarkable! The 1st photo shows my client after her 2nd treatment. The second photo shows her in less than 20 minutes post treatment! This is taken in natural light with absolutely no makeup or filters. I am a believer and Recovery will definitely be in my protocol for micro-needling."

PRODUCTS USED:

Recovery

MICRONEEDLING

“Photo on the left was taken immediately post needling this morning.

Photo on the right was taken 2 hours later.

I used NeoGenesis Glide Gel during her treatment, and Recovery and Moisturizing Mist plus a hyaluronic acid immediately following treatment.”

MICRONEEDLING

DAY 0

3 MONTHS

“Our client struggled with acne as a teenager. It slowed down in his 20’s and now he is in his 30’s. He expressed that he has always been insecure about acne and his skin, and had been using ProActive.
ProActive.

To begin his treatment, I started him off with a facial and he started using Recovery serum. Within a week, he already noticed a difference in his skin. It was not as red and his wrinkles have gone down (for the past few years he started to notice wrinkles and bags under eyes). 2 months later, we began microneedling treatments, using NeoGenesis products. He likes the progress a lot. One thing he loves the most about the NeoGenesis products is that he has less wrinkles now, he breaks out less, his pore size is improving and the texture of his skin feels soft.”

– Vanexa Yang, V Beauty House

PRODUCTS USED:

Cleanser, Recovery, Light Moisturizer, Barrier Renewal Cream, Moisturizing Mist

MICRONEEDLING

“Here are some photos that I have taken with my client, that we are treating for hyperpigmentation. She has had Microneedling treatment with NeoGenesis Recovery serum on May 12th and a chemical peel on May 26th. NeoGenesis Recovery was used during treatment and in her at-home care routine, as well!

The after photo was taken on June 23rd before we did her 2nd ProCell treatment with NeoGenesis Recovery.”

– Becky Stratton, The Skin Studio

WOUND CARE (BURN)

DAY 0

DAY 37

"I was helping a friend and her boyfriend's motorcycle had just been pulled into the garage. I wasn't paying attention and got my left lateral calf up against the tailpipe and because I didn't realize it was hot (thought it was sharp), it caused a double ring second degree burn to my leg.

I self-treated this with Bacitracin and Silvadene until 6/18/19 when I went to urgent care because it started showing signs of infection in the deepest parts. I went on antibiotics but started having side effects from these within a couple days.

On 6/20/19, I was given a small bottle (3oz size) of NeoGenesis Recovery and immediately started using it. Within a couple of applications, I had significant reduction in discomfort and could visibly see improvement. I am so blown away at the amount of progress that has occurred in the 6 days since beginning this product and because the new tissue looks so good, I'm hopeful the scarring will

be minimal. 11 days later and the wound is nearly completely closed.

I am a nurse and saw firsthand how this product worked on a close family friend for her bed sores at the end of life. Wound care providers need to know this product exists. As I've researched this product more, I am excited to explore its other applications (I also have rosacea!) – J

WOUND CARE

PROFESSIONAL FEEDBACK:

"My client had a lesion on the center of her nose and side of eyebrows, from what is believed to be bug bites. Her doctor put her on antibiotics for 2 weeks and prednisone for 1 week. Once the scab had fallen off, a friend of hers, who is a nurse, recommended that she not let the open wound dry out.

She began to using Recovery serum and Barrier Renewal Cream and in 7 days said the wound was progressing nicely. She then had a series of 4 laser treatments to treat the scarring. She covered the wound with a band-aid, and used 1 drop of Recovery on the gauze, and applied that 5 times in one night.

She believes her healing time improved."

PROFESSIONAL FEEDBACK:

Day 1 – “Patient has had Psoriasis for approximately a year now. It started on a very small surface and spread out on her elbows, knees, ankles, scalp, and also random patches on her legs. It is constant, never goes away, and in the past year it has gotten worse. The lesions itch and hurt significantly and continuously. On a scale from 1-10, 10 being the worst, a solid 7 at the time of the pictures.

Day 42 – As you can tell in the pictures there is significant improvement in the aspect of the lesions. She has no pain, some itchiness but subsides quickly. The scaling is significantly less and the size of the affected area decreased considerably.”

PSORIASIS

DAY 0

5 MONTHS

“Recovery Serum was amazing for my psoriasis! I am very familiar with this distressing skin condition as my mom had suffered very severely with it all of her life, with no real relief from the myriad of creams, ointments and bath soaks her doctor prescribed her. My sister currently takes an oral chemotherapy drug to keep her psoriasis under control.

I contracted psoriasis on the back of my scalp at the beginning of this year. By March, my scalp had redness and severe flaking. I’d heard about NeoGenesis products when attending Oncology Spa Solutions class earlier this year. I applied Recovery twice daily for about 30 days. I am absolutely delighted to share with you that the psoriasis cleared up completely and has not returned. That was 4 months ago.

I have been in the aesthetics industry over my 30 years and have worked with many lines. I must tell

you that your products are quite extraordinary. Let me know how I can get the word out. Many thanks.” – GF

Note: Patient took many photos of her scalp using a device that magnifies 200x.

BEFORE

POST TREATMENT

ROSACEA

"I loved how my skin looked and felt after the first treatment with NeoGenesis stem cell skincare products along with microcurrent.

The redness diminished greatly and it felt softer and smoother.

I'm excited to have a home care protocol that will continue to improve my skin." – JW

PRODUCTS USED:

Recovery, Skin Serum, Intensive Moisturizer

ROSACEA

“This client booked an appointment and wanted to address her redness (Rosacea), enlarged pores, some age spots (Hyperpigmentation), as well as, fine lines and wrinkles.

Once started on the NeoGenesis products, her skin started to improve, even in the very dry winter. The redness calmed down, pore size improved, and her hyperpigmentation decreased.

She likes the way the skin care products make her skin feel and commented on how well her make up goes on with NeoGenesis products. When she does her skincare routine, she is amazed that the redness is improved.”

SHINGLES

DAY 0

DAY 14

"I found myself in the most intense pain I have ever felt and had no idea what it was. The pain was such an intense burning and at about an 8 (on a scale of 10). My doctor told me I had shingles. A friend of mine suggested I immediately use Recovery from NeoGenesis.

Within 24 hours the burning was gone and my pain was down to a 3. By 48 hours, I had no discomfort at all. On day 4, since the pain was gone, I figured I did not need to use Recovery, that the worst was over. Oh, was I wrong, I woke up on day 5 to that intense burning pain again, this time it was at about a 5. Upon applying Recovery again, the nerve pain was gone in about 8 hours this time again.

I would recommend Recovery serum to anyone unfortunate enough to suffer from this miserable condition. I will never be without a bottle of this fantastic product in my medicine cabinet again. Thank you NeoGenesis!" – MS

SHINGLES

"I happen to have a chronic series of Shingles events.

Recovery has helped reduce the intensity of an exacerbation and, equally important, the healing time." - MO

PROTOCOL:

2x daily (AM + PM)
