

MANDELIC ACID PEEL

8.0% | pH 2.25

PROFESSIONAL USE ONLY

Suitable for patients with sensitive skin, acne-prone skin, rosacea, hyperpigmentation, and those with uneven skin texture. Mandelic acid is an excellent choice for clients new to chemical peels due to its gentle exfoliating properties.

SIZES: 60mL

PRODUCT BENEFITS

- Promotes gentle exfoliation to reveal smoother, healthier skin
- Contains antibacterial properties to help reduce acne breakouts
- Targets discoloration and restores an even skin tone
- Minimizes the appearance of fine lines and wrinkles
- Can be used on all skin types

DIRECTIONS

Follow the steps outlined in the [Mandelic Acid Peel Protocol](#) sheet.

INGREDIENTS

Water, Propanediol, Mandelic Acid, Glycerin, Sodium PCA, Hydrolyzed Rice Protein, Hydroxyethylcellulose, Benzyl Alcohol, Dehydroacetic Acid.

PRO TIP

Maximize your post-treatment skincare results and minimize downtime with specially curated NeoGenesis skincare kits, featuring essential products to support the skin barrier for enhanced protection and long-lasting results.
